

Positive list for NIRS DS2500

FOSS provides an extended warranty on selected parts of NIRS DS2500. The list of selected parts to which the guarantee applies are listed in the table below. Only the parts explicitly identified on the Positive List for the specific Instrument and the specific service package is covered by the guarantee. The Positive List is exhaustive and any part of the Instrument not identified at the Positive List is not covered by the guarantee. The selected parts guarantee applies as long as the Contract remain in force.

This positive list is valid from 15 April 2019
